Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for San Luis Obispo County, has received and approved a RFI Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c).

### Project Description

City of Paso Robles Landfill is an existing landfill operating under a full Solid Waste Facilities Permit issued on January 23, 2008. The application package to amend the RFI requests the following changes: approval of a leachate recirculation system and relocation of the household hazardous waste pad and storage locker.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The EA approved the RFI Amendment on March 6, 2015.

### For Additional Information
